# Reasons to Sponsor the 10th Annual 2012 ASC Symposium

1. For the past 10 years, our Symposium audience has been comprised of over 300 senior-level executives, investors and physicians from the leading ambulatory surgery center companies, health systems, individual free-standing ASCs and the ASC investment community (investment bankers and private equity funds). Don't miss this opportunity to showcase your organization to these key decision-makers in the ASC industry through the highly visible and widely recognized McDermott Will & Emery 2011 ASC Symposium.
2. McDermott's annual ASC Symposium continues to be the premier national conference addressing high-level business and legal issues affecting the ambulatory surgical center industry.
3. McDermott is the undisputed leading law firm in health care as evidenced by the fact that we are the **only Firm to receive Tier 1 rankings in both *Chambers USA* and *Legal 500 USA* in 2011. In its 2010 and 2011 rankings, *Chambers USA* ranked the Firm's health practice as the only firm in tier one in the United States.** *Chambers* called McDermott "a gigantic presence in the world of U.S. health care, advising a range of industry heavyweights on the most complex issues." Clients commented that McDermott "provides a first-rate service across the board and is the premier destination for healthcare providers." **McDermott's health practice also received tier one recognition in California, Florida, Illinois, Massachusetts and Washington, D.C.** Our practice has been recognized as being equipped with "attorneys skilled across the full gamut of transactional regulatory, and litigation work, making it an undisputed leader in the nationwide healthcare arena." Our clients have noted "they are excellent in every area we use them – their ability and expertise are unparalleled" and that "McDermott is in a class by itself. It has the widest, deepest bench and many, many terrific lawyers." Twenty-three of our health lawyers were also ranked individually as national leaders in health law by *Chambers USA* 2011. **In 2010 *Chambers USA* selected McDermott as "Health Team of the Year", its inaugural year for this category on a national basis.** Additionally, our German health practice received a Tier 1 ranking in *Chambers Europe 2011* and was ranked first among 17 law firms across four tiers as a result of clients agreeing that "this firm is exceptionally strong in this area."
4. The exhibit hall for all sponsors and exhibitors is located directly across from where all of the conference sessions will be held, thus giving all sponsors ideal locations with high traffic to showcase their products and services.
5. The networking opportunities with key decision makers in the ASC industry are extensive, as the day's program includes various breaks followed by a networking cocktail reception.
6. Sponsors receive acknowledgement by frequent announcements throughout the full-day conference.
7. Our conference speakers are some of the most widely recognized players in the industry.
8. Sponsoring the conference provides excellent opportunities for sponsors to continue to brand their organizations and build new relationships with major decision-makers in the industry.
